Brainstorm

& idea prioritization

can unleash their imagination and not sitting in the same room.

10 minutes to prepare

2-8 people recommended

Team gathering Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

Use this template in your own brainstorming sessions so your team start shaping concepts even if you're

1 hour to collaborate

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

ரு 5 minutes

Think about the problem you'll be focusing on solving in the brainstorming session. Learn how to use the facilitation tools Use the Facilitation Superpowers to run a happy and

productive session Open article

PROBLEM The doctors' hands should be sterile inside the Operation Theatre. They would often need to pick some objects or would try to ask for some objects. They should be able to communicate without touching any objects which may lead to some infections. We try to avoid direct contact by recognizing the hand gestures of the doctors using an UI that is associated with an Al model.

Encourage wild ideas Listen to others.

Defer judgment.

If possible, be visual.

Stay in tonic.
